## Description

- E 100 4T 20W40 is manufactured from highly refined base oils and an advanced additive system and is designed primarily for petrol engines, but may also be used in older diesel units. E 100 4T 20W40 will keep engine components clean and deposit free, as well as protecting against wear, rust and corrosion. This grade is ideal for engines starting to suffer from high consumption or reduced oil pressure.
- E 100 4T 20W40 is high performance oil designed to meet the most requirements of most domestic and foreign car manufacturers. This motor oil provides high oxidation stable performance and the High TBN number reserve effectively neutralizes corrosive acids formed by combustion system.
